

Work Health and Safety Consulting

Who we are

Cartec Consulting is an independent practice, from 2004 it has provided consulting and contracting services across a broad range of **work health and safety, human resource management and employee relations services** to our clients from a broad range of industry sectors.

Our capability

Nothing is more important to your business than creating a safe working environment and being able to demonstrate that all reasonable steps have been taken to train every member of your team, institute 'zero harm' working conditions and maintain Australian Safety Standards. Cartec works with each client to develop a flexible solution that is tailored to suit their business and industry. Our consultants are seasoned professionals who are able to provide a range of services including:

- Health and Safety Management Plan and System Implementation – ISO 45001
- ISO Management System Auditing
- Risk Management
- Statutory Compliance
- Injury Management
- Incident Investigation and Reporting
- Fitness for Work
- Emergency Management
- Job Hazard Analysis
- Safe Work Method Statements
- Volunteer Management
- Policy and Procedure Development
- Safety Management Training
